

Community Haven for Adults and Children Debuts New Video

Salt & Light Productions is proud to announce the release of an emotional and compelling video presentation spotlighting the critical work of the local non-profit organization Community Haven for Adults and Children with Disabilities. For more than 60 years, Community Haven has worked to empower children, teenagers, and adults with disabilities to find the fullest measure of success in school, at work and at home.

The video features clients of Community Haven and their parents as they share personal experiences that range from sad to joyful. It helps viewers understand the true heartbeat of this organization and why it is cherished by so many families here on the Suncoast.

A Powerful Tool Made Accessible

Video presentations like the one we created for Community Haven are a powerful way to help people understand the value of your organization. There is no more effective way to deliver your message straight to the collective hearts of your audience and move them to get involved.

Every year, Salt & Light Productions awards **Cost-Sharing Grants** to local organizations that are making a difference in our community. By underwriting a major portion of the production costs, these grants make it easy for your qualifying non-profit organization, educational institution or governmental agency to have a high-quality custom video presentation created by the multiple award-winning team at Salt & Light Productions.
