

# Publix Helps Community Haven

On July 26, 2012 a group with Publix Super Markets Charities presented Community Haven with an \$8,000 check for Selby Preschool's therapeutic outdoor area.

Community Haven's newly appointed President & CEO, Marla Doss (far right) and new Board Chair of the Board of Directors, Jeff Woodin (far left) posed for a photo along with some of the children who will directly benefit from this generous donation.

"We are so grateful to Publix for this extremely generous contribution that will provide Community Haven the opportunity to improve and upgrade the therapeutic playground equipment. Publix Super Markets Charities, each individual Publix location, as well as their employees have always demonstrated a philanthropic heart" says Doss.

The Publix check was presented by Shannon Patten, Media and Community Relations Manager, Wendy Smith, District Manager and Terry Ball, District Manager.
