

THANK YOU

Thank you to the Sarasota-Young Professionals Group for all the hard work did March 10, 2012 at Community Haven for Adults and Children with Disabilities, Inc. The playgrounds look amazing! The kids were really excited about the new fun fires you “planted” and the teachers were very impressed with the cleanliness of the equipment and a thankful for all the leaves removed and trees trimmed! We are so grateful to have volunteers to help with these matters, as our 32 acre campus is very large and requires a lot of attention. The Sarasota- Young Professionals Group is welcomed at Community Haven any time! We can’t do what we do alone, it’s nice to know we have such amazing young people in our community who care and show it. Thank you again.
